ABOUT COMPANY

Pouyan Pty Ltd WAS FOUNDED IN 2014.

Pouyan Pty Ltd, established in 2014 in Melbourne, Australia, operates as both a manufacturer and exporter.

Pouyan Pty Ltd is a leading coffee manufacturer and exporter based in Melbourne, Australia. Established in 2014, we specialize in crafting premium coffee blends and products for international markets. With a commitment to quality and sustainability, Pouyan Pty Ltd is dedicated to delivering the finest coffee experiences worldwide.

Pouyan Pty Ltd.

OUR BUSINESS

We prioritize the well-being and career development of our staff members. Our workplace fosters a cooperative and harmonious atmosphere, offering comprehensive educational training and a robust welfare system. Guided by a dynamic and seasoned leadership team, we have achieved breakthroughs through our management philosophy emphasizing accuracy, efficiency, and cost-effectiveness.

Alongside maintaining the overall stability of our business operations, our company has consistently seen year-on-year profit growth, establishing ourselves as a respected domestic coffee entity. We've garnered trust and backing from renowned domestic companies, solidifying our reputation as a trusted name within the coffee industry.

PARTNERSHIPS STATISTIC

We utilise long-term strategic partnerships with leading coffee companies and local farmer communities, allowing us to offer the best quality of coffee with fast, flexible and reliable services to and from all destinations and origins.

COFFEE COMMUNITIES

Collaborating closely with coffee community cooperatives, we strive to produce the highest quality specialty coffee. Ensuring a steady supply to the global market stands as a vital strategy for us.

Pouyan Pty Ltd.

COMPANY PORTOFOLIO

The contributions of services offered by Global Bean renders it the ideal option for coffee importers and exporters seeking high-quality Vietnamese coffee.

"Global Bean is committed to delivering top-notch service, creating value for both our customers and Vietnamese farmers."

•Together, we contribute to a better world!

VISION

Our aim is to achieve expertise in coffee, deliver sustainable benefits to our customers, and uphold global standards for Coffee.

VISION AND MISSION

MISSION

We are transforming the lives of the community by generating sustainable quality under global standards, offering employment opportunities, and actively contributing to the betterment of local society.

SUSTAINABILITY

SUSTAINABLE QUALITY DEVELOPMENT

- We strive to secure developmental prospects for future generations by fostering adaptability and resilience to changes, while maintaining a balance and harmony among environmental, social, and economic factors in coffee manufacturing.
- We implement environmentally friendly production processes, safeguarding the landscape and ensuring the rational and efficient use of input materials and resources without negative impacts on the environment or human health.
